INTRODUCTION

This report has been prepared from information collected Fall 1986 from Colorado's school districts and Boards of Cooperative Services. Data were collected only for filled positions.

Many of the reports are similar to those we have published in prior years. This provides users consistency in tracking changes from year to year.

Additional reports and items have been added which we hope will provide an informative view of Colorado's school districts.

Should you have any questions regarding the data presented in this publication or need any additional information contact Jo Ann Keith at 866-6837.

INTRODUCTION

This report has been prepared from information collected from Colorado's public school districts.

Many of the reports are similar to those we have published in prior years. However, we have added other reports which we feel will be informative. Included in these additions is a report by school district providing the annual dropout rate from grades 10 - 12 by ethnic/racial group and by sex. The district rate reflects dropout data for the traditional high schools. Those districts having an alternative high school for dropouts and/or potential dropouts are identified in the report with an asterisk. The dropout rate for all the alternative high schools is reported before the state rate. There are many other districts which offer alternative programs for their dropout students but their counts are reported as part of their traditional high school. The state rate includes all dropouts from grades 10 - 12.

Also included is a summary table of the dropout rates beginning with the 1974-75 school year and a table of graduation rates by ethnic/racial group.

Should you have any questions regarding the data presented in this publication or need any additional information, contact Jo Ann Keith at 866-6837.

DEFINITIONS OF SELECTED TERMS

The following terms are defined as they generally apply in the text. Some terms are used in more than one table and may include different position categories; therefore, the table in which the term is used follows the definition.

ADAE (Average Daily Attendance Entitlement): The sum of the daily attendance for a period of time divided by the actual number of days of school taught during that period of time or 96 percent (96%) of the average daily membership during a four-week counting period in October.

ALTERNATIVE HIGH SCHOOLS: As used in this report, alternative high school is a school that conducts nontraditional instruction for special needs students, such as dropouts.

ADM (Average Daily Membership): The sum of the days present and absent of all pupils divided by the number of days school was actually in session, or number of days during a four-week October counting period. The 1981 ADM is based on an October one-day count.

CERTIFICATED PERSONNEL: Personnel reported working in positions which require state certification.

CLASSROOM TEACHER: A staff member assigned the professional activities of instructing pupils in self-contained classes or courses. This term includes all teachers (Table 1).

LIMITATIONS AND EXPLANATIONS

CALENDAR YEAR 1986

Financial information provided in this report is based on reports furnished by school districts and boards of cooperative services pursuant to C.R.S. 1973, 22-44-105 and 22-50-109(3).

Each Table is arranged alphabetically by county for school districts and by name for boards of cooperative services. Within each county the school districts are listed in legal number order.

Three lines of information related to each source of revenue or expenditure are shown on Tables I, II and III. The first line shows the dollar amount for each source; the second line shows the dollar amount per pupil (ADAE); the third line shows the percentage of the total revenues or expenditures for all funds each revenue or expenditure category represents.

EXPENDITURE TOTALS AND SUBTOTALS (State Totals, School District Subtotals, and Boards of Cooperative Services Subtotals): The amounts shown are unduplicated expenditures determined by aggregating the total amounts and subtracting transfers between school districts and boards of cooperative services.

OCTOBER 1985 AVERAGE DAILY ATTENDANCE ENTITLEMENT (ADAE): This is the final average daily attendance entitlement count as reported by the local districts on Form CDE-20 with adjustments for second semester kindergarten, year-round schools and department audits.

TABLE I: REVENUES - ALL FUNDS (Excluding building fund bond receipts and beginning fund balances): Revenues are shown by local, state and federal sources. Local revenues have been subcategorized to show amounts received from all property tax, general fund property tax (controlled by the public school finance act), and other local sources. State revenues have been subcategorized to show revenue from state equalization and from all state sources.

BUILDING FUND BOND RECEIPTS: For accounting purposes, receipts from the sale of bonds are not considered revenues. Therefore, they have not been included in the REVENUES total and appear as a separate item.

SCHOOL DISTRICTS SUBTOTALS: are shown on pages 26-27.

BOARDS OF COOPERATIVE SERVICES SUBTOTALS: are shown on pages 30-31.

STATE TOTALS FOR TABLE I: are shown on pages 30-31.

TABLE II: REVENUES AND EXPENDITURES FOR SELECTED FUNDS: Revenues and expenditures are shown for the building, capital reserve, and bond redemption funds.

(NOTE: Both the building fund revenues and total revenue for all funds include building fund bond receipts). Revenues and expenditures are also shown for the operating areas represented by the general fund, pupil activity, food service, insurance reserve and other funds.

(NOTE: General Fund Revenues and Expenditures have been reduced by the amount of governmental designated purpose grant funds which have been reported as part of the general fund). The other fund category includes revenues and expenditures for governmental purpose grant funds.

TOTAL CURRENT EXPENDITURES LESS TRANSPORTATION: Total current expenses is the total of all expenditures made during the budget year from all funds except for capital outlay, capital reserve fund, bond redemption fund, building fund and transportation expenditures. The information provided increases the data comparability between districts.

SCHOOL DISTRICT SUBTOTALS: are shown on pages 66-67.

BOARDS OF COOPERATIVE SERVICES SUBTOTALS: are shown on pages 70-71.

STATE TOTALS FOR TABLE II: are shown on pages 70-71.

TABLE III: EXPENDITURES - ALL FUNDS (excluding building fund expenses; including encumbrances and transfers to other school districts or boards of cooperative services): Expenditures are listed in four major groupings: Instructional, Supporting Services, Community Services, and Other Funds Expense. Instructional supporting services, and community services expenses consist of expenditures from the general fund, intra/intergovernmental service fund, and all governmental designated-purpose grants. Expenditures that have not been included in any of these three groupings are included in the other funds expense (with the exception of building fund expenses which have been excluded from this table). In addition, the instructional and supporting service functional areas are subdivided into various objects.

SCHOOL DISTRICT SUBTOTALS: are shown on pages 94-95.

BOARDS OF COOPERATIVE SERVICES SUBTOTALS: are shown on pages 98-99.

STATE TOTALS FOR TABLE III: are shown on pages 98-99
